Message from the Chair

2019 is now here and we have lots of work to do. We do not have the numbers to stop the bad bills that will be coming out of Salem. We do have a voice that needs to be heard far and wide that we believe in limited government and the rights of the people. We have to let them know we are here and that we will be relevant again if they trust us and that we show we can lead by example. Please join us in Building our Future
