Beliefs of the Clackamas County Republican Party

We BELIEVE the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.

We BELIEVE in equal rights, equal justice and equal opportunity for all, regardless of race, creed, sex, age or disability.

We BELIEVE free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

We BELIEVE government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

We BELIEVE the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that the best government is that which governs least.

We BELIEVE the most effective, responsible and responsive government is government closest to the people.

FINALLY, We believe the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.

Redistricting Update

We want to thank all of our PCPs and county residents who testified on redistricting. Although the majority party chose to go after power instead of represent the people, we wanted to let you know that we will continue to fight for you each and every day to make sure your voices are heard in your State capitol. Many of the districts in our County have been changed and renumbered. We are working on putting together the list so our PCPs can canvass their area and make connections with their friends and neighbors.

How to get involved with Clackamas County

The Party has launched a new endeavor to get more County Residents engaged with their County Elected Officials. Please think about applying to serve on one of the many advisory boards and commissions that communicate directly with the Board of Commissioners. These boards are vital to providing insight and perspective about how to improve our County. Visit this link for more information on how to apply.

Voter Registration Drive

We would like to have everyone engaged in the political process. We want to make sure you have all the information before you make your decision.

We want you to ask yourself a couple key questions. "Do you feel heard by your elected officials" "Do you feel that you can easily get a hold of them when you have a question or concern" "Do you feel your community is being well represented"

"Do you feel your tax dollars are being spent wisely" "Do you feel frustrated by the process" The Clackamas County Party wants to hear from you.

We are here to answer questions and give information. We want to empower you, your families and your community to decide what is best for you. We believe in the power of the people.

Please consider joining us. For more information about the Party, view our resources on this website or call our office at 503-303-7312.
