Beliefs of the Clackamas County Republican Party

We BELIEVE the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.

We BELIEVE in equal rights, equal justice and equal opportunity for all, regardless of race, creed, sex, age or disability.

We BELIEVE free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

We BELIEVE government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

We BELIEVE the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that the best government is that which governs least.

We BELIEVE the most effective, responsible and responsive government is government closest to the people.

FINALLY, We believe the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.

September Update

Calling all Republicans, We are less than 60 days from the Election and we need to get you engaged and involved. We can no longer sit on the sidelines. Our candidates need our assistance, support and help. September is the critical time to get our candidates in front of voters whether it is at Meet n Greets, Car shows, Farmers Markets, Art Festivals, etc.

If you know of any upcoming events in your area please contact your candidate or our office so we can promote it to get more people to get to know our candidate. Face to Face is the best way to connect our values with those of the register voters in their areas.

Thank you for all you do in support of the Party and our candidates.
