TESTIFY

Testifying at a public hearing is one of the most effective ways to engage with a bill and express your thoughts to legislators.

Other things to know about:

TIME LIMIT: There will most likely be a three minute time limit on your testimony, but it could go down to two minutes if there are a lot of people interested in testifying. It is always suggested and encouraged to write out your testimony and practice saying it.

ALWAYS INTRODUCE YOURSELF: At the beginning of your testimony, greet the committee chair by title and name. State your name, where you reside, and your organization/expertise (If it is applicable for the hearing)

WHY SHOULD I TESTIFY?

If you've testified in a legislative committee, know that you don't need to be a policy expert or attorney --- legislators prioritize hearing from members of the public whose lives are impacted by the policy they are considering, so they will be listening to your testimony closely. The most important thing is to talk about how the issue is affecting you.

WRITTEN TESTIMONY:

You can submit written testimony in addition to or instead of testifying live. The testimony will be posted publicly and will be made available to legislators as they are considering bills.

TESTIFY

How Do I Testify?

In order to testify on a bill, it must be scheduled for a Public Hearing.

Step 1 - Confirm Public Hearing is Scheduled

QUESTIONS ABOUT THE LEGISLATURE AND THE LEGISLATIVE PROCESS:

help.leg@oregonlegislature.org / 1-800-332-2313

Scheduling Meetings with a Legislator(s):

1

Make sure if you are going to request a meeting that there is a purpose to the meeting--is there a particular bill you want to discuss or a concern you want to share that they may be able to help with? If you just want to shake their hand and get a picture with them, it is okay to just say that and it may be more possible in their schedule as it will require less time than a formal meeting.

2

Every office does things differently. Most meetings are scheduled in 15 minute increments or less. Due to floor being held all day in the House, you may have to be very flexible with when--or if--the Representative can step off of the floor to meet with you. Please note that not all Legislators step off of the floor for meetings and may instead offer a meeting with staff. Meeting with staff can still be a very productive and informative use of time, but please make sure to value their time as you would the Representative/Senator's.

3

If there are multiple PCPs all wanting to meet with the same Legislator(s), consider consolidating your meeting requests and having everyone attend the same meeting. Make sure to let the scheduler know how many people will be joining the meeting so they can plan accordingly.

HOW TO REQUEST A MEETING:

Email your Representative/Senator and let them know you're going to be in the building and what time frame that day you will be available to meet with them, if they have time. Let them know what you want to talk about, how many people will be attending, and make sure to share your address so they know you are a constituent. Many offices are scheduling virtual meetings and in person meetings so it doesn't hurt to clarify you'd like to meet in person.

COURTESIES:

What does it mean?

"Extending Courtesies" is done in both the House and the Senate at the beginning of a floor session (when they formally meet in the chamber to vote on bills) and can be done as a formal recognition of an individual or group. Often courtesies are extended to groups of constituents visiting the Capitol, a congratulations to a high school sports team for winning a tournament, a birthday wish to someone from the district, a congratulations to a new business opening in the district, etc

HOW TO REQUEST A COURTESY:

To request a courtesy be extended to yourself or a group of PCPs from your House/Senate District, email your Representative/Senator and let them know what day you plan to be in the building and ask if they would be willing to extend courtesies to you/your group on that day. It is helpful to the legislator and staff to know a bit about why you are visiting the Capitol, if you've been there before, what you are most looking forward to, a bit about the group you're visiting with, etc. Basically, help give them the information to write the courtesy speech. They may have some additional questions that their office likes to include in their courtesy speeches.

RULES & GUIDELINES

In the House, each Representative gets 1 minute to extend courtesies. This is one minute total per Representative, not one minute per person being recognized or per group they wish to recognize. The Legislator may recognize a variety of people or groups within the same minute.

In the Senate they get much more freedom to extend the length of their courtesy, but each Senator has a preference in how they like to do it.

Though there is no rule that the courtesy must be extended by the Representative or Senator that represents where you live, typically that is preferred unless you have a close relationship with one of the Legislators. It is absolutely okay as a Republican to reach out to a Democrat who represents you and ask for them to extend courtesies to you! You should only request one courtesy in each chamber for any given day, but you may request courtesies in both the House and the Senate on the same day.

Consider sharing your address, or at minimum your town/county so that the Legislator can verify you are a constituent. All Legislators get a lot of emails claiming to be from constituents with no address information, but the people do not actually live in their district.

How to find the video of your Courtesy:

After the floor session is done for the day, the Legislative Media team will upload a recording of the floor session. The link can be found by clicking the blue triangle in a circle "play button" next to the chamber you wish to watch. I've included a picture example below. Make sure you're looking at the right day! You can use the calendar button in the middle to select another day.

Once you're in the video, you want to click "agenda" on the lower right hand side below the video and find where it lists "courtesies." This will jump the video to that portion of the recording and then you can skip through looking for the legislator that extended courtesies to you or your group. Once you find the right one, go back below the video and click on the "share" tab. There you will be able to create a unique link that you can share with others and on social media that will take them directly to the point in the video where your courtesy is. If you share it on social media, consider tagging the legislator and saying thank you!

Note: This "share" tab is helpful to link to portions of committee meetings and floor sessions you want to share beyond just for courtesies.

Thank Yous

Whether it be for a meeting, a courtesy, or perhaps for time spent with staff in lieu of time with the Representative or Senator, consider sending a thank you card or email following your visit to the Capitol. Thank yous--to our Republicans especially--are few and far between and those words of encouragement, offering of prayers, etc go a very long way. It is a very difficult job and a lot of new Legislators and staff have not been through the rigors of a Legislative Session yet. Hearts will be heavy as the week that you will be visiting will be the most contentious yet for the House Chamber and potentially the Senate as well.
